

Compressed Air Storage Tank

True Seamless Tank

Lighter / Superior / Great looking

-Widely used for vehicle refitting, air suspension, air horn, air storage equipment, etc.

-In compliance with SAEJ10 and FMVSS 571.121

-WP/BP: 200PSI/1000PSI

Features:

No welds- One piece seamless design

Available in 2 diameters 4" and 6.6"
(More sizes are coming)

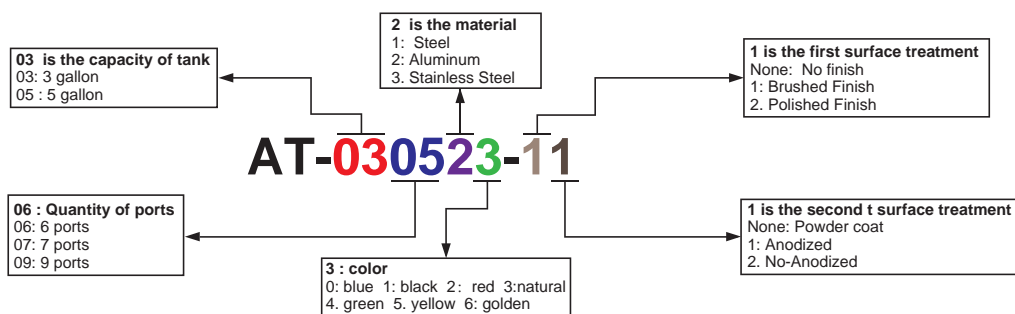

Finish : Brushed anodized,
polished, powder coating
available

Slim profile adjustable mounting
brackets

Formed and threaded port
holes available from 1/8" NPT
to 3/4" NPT
